Stiefel Zinc Plus

For healthy, strong skin
With organic trace elements

Supplementary feed for horses

Stiefel Zinc Plus contains organically bound zinc, iron, copper, manganese and selenium for feeding in the event of zinc and trace element deficiencies.

Organically bound trace elements can be optimally utilized by the body. Stiefel Zinc Plus can have a positive effect on the immune system, skin and horn.

TIP! Stiefel Zinc Plus is suitable for feeding during the change of coat.

Composition

Dextrose; Sodium chloride

Additives per kg

Nutritional additives:

Zinc as glycine zinc chelate, hydrate (3b607) 20,000mg; Iron (Iron II-glycin chelat, hydrate) (3b108) 5,000mg; Manganese as glycine manganese chelate, hydrate (3b506) 3,900 mg; Copper as glycine copper chelate, hydrate (solid) (3b304) 2,000 mg; Selenium as sodium selenite (3b801) 45 mg; Selenium in organic form from *Saccharomyces cerevisiae* CNCM I-3060 (3b810) 5 mg

Analytical components

Crude protein 4.10 %; Crude fat 5.60 %; Crude fibre 0.00 %; Crude ash 5.60 %; Sodium 0.44 %; Methionine 0.00 %; Moisture 7.70 %

Feeding recommendation

Large horses (600 kg body weight) 25 g / day

Small horses 12 g / day

(1 heaped measuring spoon = approx. 25 g)

This supplementary feed contains more zinc than complete feeds and is therefore restricted to a maximum of 0.6 % of the daily dose / day. The recommended feeding duration is 8 weeks. The nutrient content, in particular zinc, of other feeds has to be considered. It is recommended to consult a veterinarian before feeding the additive.

Storage note

Store the feed in a cool and dry place protected from direct sunlight. Use soon after opening. Store out of reach of children.

Presentation: Powder

Packaging

Art. ST005801 900 g tin

Art. ST005701 3 kg bucket
