Stiefel Diatomite

For skin and coat

With zinc and vitamin B complex

Supplementary feed for horses

Stiefel Diatomite can have a positive effect on healthy skin and coat thanks to the combination of diatomite, important vitamin B complex, methionine and zinc. TIP! Stiefel Diatomite is suitable for feeding during coat changes.

Composition

Wheat feed meal; Brewer's yeast; Wheat bran; Linseed cake; Beet Molasses

Additives per kg

Nutritional additives:

Vitamin A (3a672a) 200,000 i.U.; Vitamin D3 (3a671) 10,000 i.U.; Vitamin E (α-Tocopherolacetat) (3a700) 200 mg; Vitamin B1 (3a821) 220 mg; Vitamin B2 320 mg; Vitamin B6 (3a831) 400 mg; Zinc (Zinc oxide) (3b603) 5,000 mg

Technological additives:

Diatomite - diatomaceous earth, purified (E 551 c) 25,000 mg

Analytical components

Crude protein 18.00 %; Crude fiber 6,20 %; Crude oils and fats 4.80 %; Crude ash 11.00 %; Methionine 5.00 %

Feeding recommendation

Large horses (600 kg body weight) 30 - 50 g / day

Small horses 15 - 25 g / day

(1 measuring spoon = approx. 20 g)

The dosage can be doubled in times of increased needs.

This feed supplement contains more vitamins and trace elements than complete feeds and is therefore restricted to a maximum of 300 g per day.

Storage note

Store the feed in a cool and dry place protected from direct sunlight. Use soon after opening. Store out of reach of children.

Presentation: pellet

Packaging

Art. ST001701 1 kg tin
